ERNIE ELS
ELS FOR AUTISM

To Whom It May Concern:

The Els for Autism Foundation is a non-profit organization located in Jupiter, FL founded by professional golfer Ernie Els and his wife Liezl. The Foundation hosts several events annually- one being Liezl's Tea Party held each March.

On March 1, 2012 Els for Autism worked together with Le Metro to put on the most successful tea to date. The Foundation was extremely impressed by the catering work of the Le Metro restaurant. The staff exceeded expectations in their professionalism and they went above and beyond their call of duty.

We met several times before the event with Mary Ellen and Christian. They assisted us in going through our rental list and pointing out all missing equipment and aspects of the event. They were an important factor in making sure that our event would run smoothly. On the day of the event, their staff was wonderful. They were overly prepared and organized.

The food was exceptional! Many of the guests were commenting on the quiche that Christian put together for us. We were also fond of how they allowed us to choose the menu. Le Metro was very flexible to our needs and wants but they also were able to make great suggestions in the process of our decisions.

After working alongside Le Metro, I would absolutely recommend them to cater your special event. Their French cuisine added the extra flare to our Parisian themed Tea Party to make it a huge success. If you are looking for a caterer who will be fully invested in your event, Le Metro is the way to go.

Best Regards,
